

SECUNORM PROFI25 MDP

THE ALL-AROUND SAFETY KNIFE THAT CAN GO DEEP.

THE SAFER WAY TO CUT.

**martor**

# SECUNORM PROF125 MDP

NO. 120701

Original size

#### Metal detectable

While working, a cutting tool – or parts of it – can sometimes get lost. But only for a short while. Because the plastic that can be detected by a metal detector ensures that you find it again fast.

#### No paint

You would like to avoid risks in your job, wherever possible? That's understandable. An unpainted handle minimises the risk of contamination of the production process.

#### Robust handle

The plastic insert of the SECUNORM PROF125 MDP is in an aluminium handle. With its robust design, it is predestined for high cutting frequencies and a long life.

#### 2-cutting edge blade

Before you have to change the quality blade, you can turn it around once. This doubles the usage time of the blade – and reduces the energy you use up. Because your product cuts like new again.

#### Tool-less blade change

Blade changing is quick to work out. Literally. You just need to slide the metal detectable plastic insert out of the handle and replace the old blade with a new one.

**Professional in every respect. Metal detectable.  
With rounded-tip trapezoid blade.**

Our SECUNORM PROF125 MDP is aptly named. "PROFI" because this safety knife really does behave professionally. Whatever the situation, whatever the cutting material. The "25" is in reference to its impressive blade extension of 25 mm, with which even 3-ply cardboard can be cut. And finally, the "MDP" tag means that all plastic parts of this knife can be detected by a metal detector.

**PRODUCT FEATURES**

**Technical features**

- |  |  |
|--|--|
|  High safety                   |  Metal detectable             |
|  X-ray detectable              |  Tool-less blade change       |
|  Very abrasion resistant       |  Very ergonomic               |
|  2-cutting edge blade         |  Cutting depth               |
|  Rounded-tip trapezoid blade |  For right and left handers |
|  Stainless                   |  |

**Main cutting materials**

- |   |   |
|---|---|
|  Cardboard: up to 3-ply |  Wrapping, stretch and shrink foil |
|  Plastic strapping band |  Tape                              |
|  Bagged goods           |  Layers of foil or paper           |

**Installed blade**

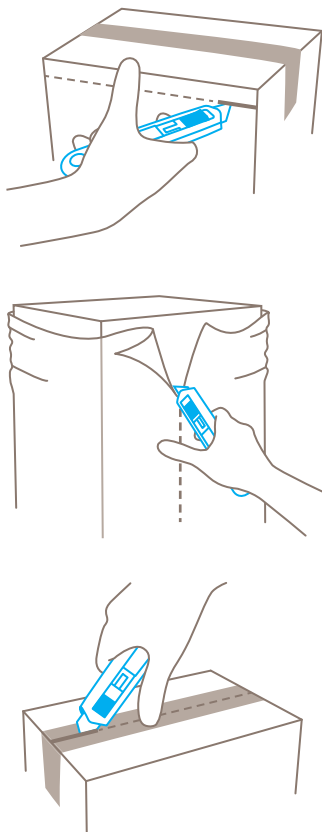

**Optional blade**

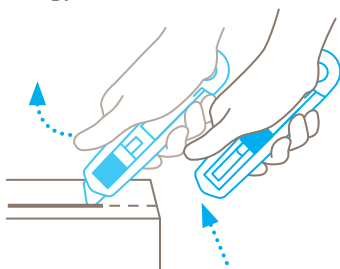

**Certificates and awards**

**Application**

**Safety technology**

**Automatic blade retraction – a high degree of safety**

The automatic blade retraction of the SECUNORM PROF125 MDP guarantees a high degree of safety from cut injuries. As soon as you have started to cut, take your thumb off the slider. Then the blade will retract into the handle immediately after leaving the material being cut.

# THE PERFECT FIT FOR ALL. DOES THE PERFECT JOB.

## SECUNORM PROFIZ25 MDP

- › Large cutting depth
- › Very abrasion proof thanks to the aluminium
- › Metal detectable plastic
- › Automatic blade retraction
- › GS-certified for approved safety

## PRODUCT DETAILS

<b>Order No.</b>	NO. 120701.02
<b>Packaging unit</b>	1 in single unit box (10 in multipack)
<b>Knife size (L x W x H)</b>	143 x 17 x 31 mm
<b>Main material</b>	Aluminium
<b>Weight</b>	84.5 g
<b>Cutting depth</b>	18 mm
<b>Spare blade Packaging unit Size (L x W x Thickness)</b>	NO. 160099.70 (10 in safety dispenser) 55.5 x 19 x 0.63 mm
<b>Certified</b>	GS certificate NO. 179404- 7116-55094-2020/2
<b>Accessories</b>	
BELT HOLSTER S WITH CLIP	 NO. 9920
HOLSTER SMALL	 NO. 9842
USED BLADE CONTAINER	 NO. 9810
WALL MOUNT BRACKET USED BLADE CONTAINER	 NO. 9845
SAFEBOX	 NO. 108000
MDP TEST CARD SET	 NO. 9910

## CONTACT AND SERVICE

What makes our cutting solutions even safer?  
Our advisory services! We are always on hand,  
to give advice, to provide you with training ma-  
terial, to meet with you in person if necessary.

You will find further information on our website:  
[www.martor.com](http://www.martor.com)

At a glance: the safety poster shows the most important functions and correct usage – perfect for your workplace.

Everything you want to know: dimensions, properties, special features and more about our cutting tools can be found in the technical data sheet.
